INTERNSHIP

COMPANY NAME:
- Nobitec Solutions

DESIGNATION:
- Python Programming

DURATION:
- 31.08.2023-06.09.2023

OBJECTIVE

I am a computer science graduate with a focus on data analytics, eager to use my skills to analyze and organize data in a way that helps solve real-world problems. I aim to turn data into clear and useful insights that can support better decision-making. I am looking for a role where I can apply my knowledge, grow my abilities, and contribute to the success of the organization through smart and practical solutions.
